

Express 1600 Gallon Water Trailer

The Express 1600 Gallon Water Trailer transports water around your farm, construction site, residence or other remote locations for dust abatement, agricultural use, or wherever water access is limited. This product is DOT-compliant for use on public roadways. The rugged channel iron frame with the heavy duty poly tank combine for a durable unit. The spray bar and the fire nozzle discharge hose can be used for a variety of water projects. Powered by a 5.5 HP Honda gasoline engine, the 2" aluminum pump gives you flexibility in controlling the force and range of the water flow.

Features
